LEADERS AT THE FOREFRONT OF COMMUNICATION TECHNOLOGY

Whatever your requirement, we have the skill, knowledge and experience to provide all of your communication services; from CCTV to wireless networks

COMMUNICATIONS

Vitec has been at the forefront of communication system design for more than a decade. We have successfully designed and project-managed systems for building and rail schemes throughout the UK.

Our communications system experience and knowledge covers a wide range of services including:

- Voice and data
- Audio / visual
- CCN
- CIS (customer information screens)
- Satellite and terrestrial TV
- Call systems (nurse and patient)
- Public address
- GSM-R
- Wireless and radio
- Intelligent building management services

Our range of rail-specific communications services include:

- Ticket vending machines
- Operational telecoms
- Retail telecoms
- Asset condition and monitoring
