DESIGN AND CONSULTANCY  
PROVIDERS TO THE  
RAIL INDUSTRY**

# FOR CONFIDENCE, QUALITY AND EXPERTISE, LOOK TO VITEC

Local support with national reach. Completely professional but always approachable. Greatly experienced and yet full of fresh ideas. These are just some of the ways we describe ourselves to our customers as they look for a rail services partner that meets their business requirements in the most efficient, pragmatic and co-operative way possible.

Our expertise covers the whole range of mechanical and electrical services and communications systems, with a special focus on sustainability. We utilise our experience to help you achieve the right results in a way that is cost-effective.

A high-speed train, likely a Shinkansen, is stopped at a station platform. The train is blue and white, with a yellow stripe running along the side. The platform is covered by a green roof structure. The scene is captured from a low angle, looking down the length of the train. The text is overlaid in the center of the image.

**FORMING LASTING  
RELATIONSHIPS WITH OUR  
CUSTOMERS AND PROVIDING  
SUPERIOR SERVICE  
AND VALUE**

# OVER FOUR DECADES DELIVERING EXCEPTIONAL VALUE AND RELIABILITY

Founded on a history of delivering exceptional value and reliability to the M&E services market, we're proud to say that over the course of four decades our ethos has remained unchanged and we have continued to remain true to the same principals; forming lasting relationships with our customers through our promise to commit to superior service and value.

More recently established as a force in the rail industry, Vitec has grown into a business renowned for providing services perfectly matched to the requirements of customers in this sector, with Link Up accreditation.

# COMMUNICATION, PARTNERSHIP AND SUSTAINABILITY; WHAT TO EXPECT FROM VITEC

Our approach to business has always been one of communication, partnership and sustainability.

We take full responsibility for projects from the initial design stage through to final delivery, whether they involve station buildings, infrastructure or are train and track-centric.

We develop innovative solutions to work within the perimeters of station architecture, whether it's a new sustainable build or working upon listed buildings. Our design and management processes allow us to also work around the normal operations of a station to ensure minimal disruption to services, leading us to achieve a number of prestigious accreditations and accolades:

*Our commitment and dedication to our customers means that many exceed environmental standards and go on to achieve notable accreditations of their own.*

# TAKING FULL RESPONSIBILITY FOR PROJECTS IS JUST ONE OF THE SERVICES WE PROVIDE

# COMBINING CREATIVITY WITH PRACTICALITY TO DEVELOP SOLUTIONS

## **Rail Services**

Our experience across a range of rail services means we have developed unrivalled relationships, partnerships and expertise right across the rail services sector.

## **Planning**

Meticulous and with attention to detail, we are able to identify potential problems and deliver alternatives to our customers – preparing for any eventuality.

## **Communications**

Our dedicated commitment to communications and passenger information systems is just one of the many reasons we have remained at the forefront of leading technologies for over a decade, utilising our knowledge and expertise in CIS, CCTV and wireless systems.

## **Support**

Our ethos isn't just about delivering tangible outcomes that our clients can see, we are here to ensure that they have the support they need to complete projects of any scale on schedule and within budget.
